**3.1 PLAYGROUND CONCEPT DESIGNS**

---

**SUMMARY**

To present a report with the initial concept design plans for the Murrumbateman All-Abilities Playground.

**COMMITTEE RECOMMENDATION**

***That:***

- 1. Option 2 be the in principle recommended concept for adoption with the following changes/additions/omissions noted below, and that the adjusted concept be circulated to the committee via email for confirmation:***

- Curvy paths behind Old School House from Concept 1***
- Retain heritage Orchard and exploring path through it from Concept 4***
- Incorporate shade over the toddlers' area, suggest moving toddlers area away from back of cottage as the shade sail would interfere with view of the Old School House - could put it closer to passive area where parents may be sitting picnicking.***
- Car park - south solution and reduce to half the size. Create a footpath to edge of car park nearest the park so children do not have to walk entire car park to exit their vehicles and get to park***
- Fencing down highway and off car park***
- Mark in bike parking***
- Keep existing pathway on new school side to assist people not using park to bypass the park and reduce waste of existing infrastructure***
- Delete path at Landcare in option 2 and create organic pathway from option 1 near Landcare***

- *Keep all equipment on Southside to enhance supervision of children and heritage view to and from Old School House*
- *Protect Land Care area from encroachment*
- *Incorporate school bell back to the location*
- *Removal of railings at current car park be retained for return to Rec Grounds if possible where they originally came from*
- *Consider old water well and septic*
- *Clearly mark what is funded and what is unfunded in this first stage*
